Re: Ohio EPA Permit No. 2IK00019*AD
Application No. OH0135674
Facility: [REDACTED] Dairy LLC

Personal Privacy/Ex. 6

Custar, OH 43511

Dear [REDACTED]

My staff has informed me that there is no longer any discharge from the referenced plant to waters of the state. Since a National Pollutant Discharge Elimination System permit is no longer required, the NPDES permit referenced above will not be renewed.

If you have any questions, please contact the appropriate Ohio EPA district office. Thank you for your cooperation.

Sincerely,

A handwritten signature in black ink, appearing to be "TK" followed by a stylized flourish.

Tiffani Kavalec, Chief
Division of Surface Water

The entity presently has an (check all that apply):

Application for an initial NPDES permit: ☐
Expired NPDES permit: ☐
Expired General NPDES permit ☐

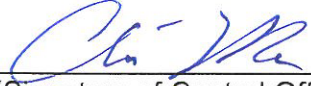

Effective NPDES permit: ☒
Effective General NPDES permit:* ☐

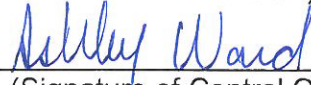

*NPR Letter needs to acknowledge there is still a discharge.

Select All That Apply:

- ☒ On October 12, 2016, Rick Wilson of the Ohio EPA, Division of Surface Water inspected the above facility. The facility does not directly discharge any wastewater to waters of the state (correspondence from the entity stating this [check one] ☒ is attached and the Phase III bond release from ODNR has been granted and received by the company. Therefore, no NPDES permit is required, and Central Office is requested to send a letter to the entity informing it of this determination and of possible future NPDES responsibilities.
- ☐ This facility's discharge is now covered under General NPDES. Therefore no individual NPDES permit is required, and Central Office is requested to send a letter to the entity informing it of this determination.
Revise letter to note there is still a discharge
- ☒ A copy of the NPDES application, (form 1 or the NOI application) is attached.
- ☐ We have no copy of the NPDES application (or NOI application) in the District files.
